Evangelical Association of Malawi

*"I love Amos Chibesa and his work among the traditional leaders in Nkhoma. I've walked the villages with him and watched him build friendships with them. They respect him and trust him. No village decisions are made without the influence of the chief or headman. Therefore, it's vital that we support partners like Amos."*

## Chief's Ministry of EAM

In a culture led by hereditary chiefs ruling in a tribal system, the leadership and influence of these Traditional Leaders can make or break life in the villages of Malawi. The Chief's Ministry's focus is in leading the chiefs of Malawi toward faith in Jesus Christ, and in training them to be godly and wise leaders in their communities.

Amos Chibasa is the gifted and passionate leader of the Chief's Ministry, which is part of the nationwide Evangelical Association of Malawi (EAM).

Through regional conferences, workshops, and direct one-on-one training, chiefs are coached and disciplined. Training covers things like godly leadership principles, countering harmful cultural and ritualistic practices, community health, hygiene, HIV/AIDS, and malaria prevention and treatment. These and other Christian-based training provides the tools that rural chiefs in these extremely poor communities desperately need and enthusiastically appreciate.

### Support for EAM Chief's Ministry

Support Amos and his team as he reaches out to this critically important group of leaders. Your gifts will allow the Chief's Ministry team to hold regular training conferences and workshops, in addition to providing supplies, transportation and living expenses for the ministry team members.
